Consulting LLC

THE LEADING NAME IN HEALTHCARE SUSTAINABILITY

Dedicated to guiding the health sector
towards a greener, more resilient future

“Dr. Thiel aligns her knowledge with our business
needs which ensures that our sustainability
strategies are not only environmentally impactful
but can also be advantageous for our company.”
-Satisfied Customer

STRATEGY DEVELOPMENT

Establish clear Key Performance Indicators (KPIs) and set ambitious yet achievable sustainability goals. We guide you through the development and implementation of robust strategies, ensuring alignment with your organizational objectives while fostering positive environmental and societal impacts.

WORKSHOPS & TRAINING

Equip your executives, R&D teams, and marketing specialists with the knowledge and tools necessary to implement sustainable practices, enhance operational resilience, and stay abreast of evolving industry standards with our tailored workshops and trainings.

ANALYTICS & DATA SUPPORT

Make informed sustainability and efficiency decisions, identify improvement opportunities, and optimize processes to drive meaningful sustainability outcomes. We conduct or support ISO-compliant LCAs, carbon footprinting, and other data collection and analyses to provide your team with quality metrics.
